

COMP7507: Rubrics for Project Proposal

	Sophisticated	Competent		Not yet Competent	
	5	4	3	2	1
Project Title and Objectives	- Objectives of the project are very clearly developed and stated. - Title is highly relevant to the objectives.	- Objectives of the project are clear even though there remains a few issues that need further clarifications. - Title is relevant to the objectives.		- Objectives of the project are mostly unclear and substantial clarifications/redevelopment are needed. - Title is not adequately relevant to the objectives.	
Dataset Description	- Choice of datasets is appropriate and very clearly presented. - Demonstrates a strong understanding of the data availability and complexity.	- Choice of datasets is appropriate and clearly presented. - Demonstrates a good understanding of the data availability and complexity.		- Choice of datasets is moderately appropriate and fairly/inadequately presented. - Demonstrates a basic or limited understanding of the data availability and complexity.	
Methodology	- Visualization tools and approaches are properly identified at all times. - Demonstrate a clear understanding of the proposed tools and approaches.	- Visualization tools and approaches are properly identified in most/some occasions. - Demonstrate a good/fair understanding of the proposed tools and approaches.		- Visualization tools and approaches are properly identified in few occasions. - Demonstrate basic or limited understanding of the proposed tools and approaches.	
Tasks, Timeline and Division of Labour	Sound and complete for all items.	Sound and complete for most/some items; others need further clarifications or development.		Inappropriate, incomplete or no breakdown of tasks, timeline and division of labour.	
Structure / Organization / Use of Visuals	- Proposal is well organized and clearly written. The underlying logic is clearly articulated and easy to follow. - Words are chosen that precisely express the intended meaning and support reader comprehension. - Visuals or analyses enhance and clarify presentation of ideas.	- Proposal is organized and clearly written for the most part. In some areas the logic or flow of ideas is difficult to follow. - Words are well chosen with some minor exceptions. - Visuals are consistent with the text.		- Proposal lacks an overall organization. - Reader has to make considerable effort to understand the underlying logic and flow of ideas. - Visuals are absent or inconsistent with the text.	
Mechanics	- The language contains very few, if any, errors in grammar and vocabulary. If slips are present, the meaning is still clear. - Conventions of academic writing (e.g. citation, references, footnotes, etc.) are followed meticulously.	- The language is generally accurate but contains some systematic errors in complex grammar and vocabulary. - Conventions of academic writing (e.g. citation, references, footnotes, etc.) are followed apart from the occasional oversight.		- The language is sufficient for arguments to be understood with effort. However, the language contains frequent errors in simple and complex grammar and vocabulary that are distracting. - Conventions of academic writing (e.g. citation, references, footnotes, etc.) are followed but show many inconsistencies and/or errors.	

* A holistic assessment approach will be taken for the listed criteria.
